BETTER OUTCOMES

SCHOOL WINS

Gap-year trainees often do the everyday tasks that free teachers to better spend their time developing programs and activities. They can assist with administrative tasks and give hands-on support in and out of class, including carnivals, camps, excursions and school functions.

TRAINEE WINS

The year in a school gives gap-year trainees a deep insight into what it takes to become a teacher, by giving them intensive and extensive paid practical on-the-job experience matched with a nationally accredited qualification.

We are now in our fourth year with AFL Sports Ready and have found improved student opportunities emerge from the efficiencies created by having a trainee. They have helped facilitate a sustainable, high-level sporting program equal to that of our academic program. Our trainees take on a wide variety of tasks, relating to staff, coaches, student athletes and parents. Not only have they taken on an administrative role but have assisted in coaching teams at various levels. We recommend the traineeships to any school or business looking at going to the next level."
