

ADVANCED CERTIFICATE

INTRODUCTION TO HIGH PERFORMANCE THROUGH DIVERSITY

Overview

The Advanced Certificate - Introduction to High Performance through Diversity explores gender balance and equity as a cornerstone of high performance and team chemistry. Chelsea looks at gender from the perspective of minorities in non-traditional roles and uses real life case studies, scientific evidence and personal experience to form the basis for examining barriers that inhibit individual and team performance. This course facilitates strategic thinking while identifying simple, practical solutions for creating environments where people from all backgrounds can thrive.
